ESD T-shirt, V-neck, 150g/m^2, black, S

Discover the SafeGuard ESD shirt in black - a garment that combines comfort and functionality. Made from high-quality cotton, this shirt feels pleasant against the skin. The characteristic V-neck and short sleeves provide a modern look, while the embroidered ESD logo on the left sleeve adds subtle style. With a typical surface resistance of 10^5 - 10^7 ohms, this shirt meets the strict requirements of DIN EN 61340-5-1 and is therefore ideal for use in electrostatically sensitive environments. The Oeko Tex certification also guarantees environmentally friendly production. The SafeGuard ESD shirt is unisex and is made of 96% cotton and 4% carbon fiber, which ensures both comfort and durability. With a fabric weight of 150 g/m^2, it offers the ideal balance between lightness and robustness. Bring out your professional side with the SafeGuard ESD shirt - for style-conscious safety in any working environment.
