Extension cable for nano soldering iron, 1 m

The 1 meter long connection cable for the NA-2A nano soldering iron from JBC offers you the flexibility you need for precise soldering work. It enables a simple and safe connection between your soldering iron and the power source without restricting your freedom of movement. Ideal for use in workshops or mobile applications, this cable ensures a reliable power supply and supports efficient working methods. Perfectly matched to the requirements of modern soldering technology, it is an indispensable accessory for professional users.

- Length = 1 m
- Connection cable for nano soldering iron NA-2A

Item no.	**WL25840**
Model	A1205
Manufacturer	JBC
Manufacturer article no.	A1205
GPSR manufacturer data	JBC Soldering SL Ramón y Cajal 3

	ES-08750 Molins De Rei www.jbctools.com
Length	1000 mm
Length with packaging	110 mm
Width with packaging	80 mm
Height with packaging	40 mm
Sales unit	1 piece
Content unit	1 piece
