Zero Smog TL soldering fume extraction kit

The Zero Smog TL extraction unit is specially designed for continuous operation in industrial environments. With its small footprint, it is perfect for use as a small central system and cleans the air at up to 2 workstations. The maintenance-free brushless EC turbine ensures continuous fume extraction.
• Fine dust pre-filter F7 and extra-large HEPA H13 filter surface with 2.4 m^2 for particularly long filter service life
• Variable power control allows the extraction power to be adapted to specific requirements
• Low noise emission levels for quiet working areas
• Automatic filter change notification system
• Easy to operate and simple filter change
• Compatible with Easy Click 60 system for maximum flexibility. Adapts perfectly to the specific requirements of the workplace
• A WT Hub T0058768767 is required for connection to a WX or WT station
• Portable extraction unit, ideal for placement under the workbench or next to the workstation

Item no.	WL39924
Model	ZERO SMOG TL KIT 1
Manufacturer	WELLER
Manufacturer article no.	FT91015699N
GPSR manufacturer data	WELLER Tools GmbH Carl-Benz-Strasse 2 DE-74354 Besigheim www.weller-tools.com
Length	335 mm
Width	330 mm
Height	445 mm
Sales unit	1 set
Content unit	1 set
Frequency	50/60 Hz
Power	120 W
Fuse	T1,25A
Voltage	230 V
Vacuum (max.)	3000 Pa
Sound level	50 dBA
Volume flow rate (max.)	190 m^3/h
Device series	Zero Smog TL
Type of vacuum generator	blower
