Hygostar beret cap, perforated viscose fleece, white, 53cm

The beret hood consists of a perforated viscose fleece. This material balances the temperature and makes the hood breathable. In addition, the ability to absorb liquids is very high. Because the beret cap is very well ventilated, it is especially suitable for hot kitchens. The hood is also suitable for allergy sufferers and prevents hair loss and dandruff.

- Viscose fleece, perforated
- latex-free rubber bands
- breathable (best ventilation), avoids dandruff and hair loss
- no heat accumulation, extremely permeable to air
- absorbs moisture excellently, very absorbent
- temperature compensating
- soft with a silky sheen, pleasant to wear
- Dispenser box

Item no.	WL48617
Model	Hygostar-1220
Manufacturer	FRANZ MENSCH
Manufacturer article no.	1220
GPSR manufacturer data	Franz Mensch GmbH Werner-von-Siemens-Straße 2 DE-86807 Buchloe www.franz-mensch.de
Sales unit	1 PU
Content unit	100 piece
