ESD polo shirt, black, 150g/m^2, S

SafeGuard's ESD polo shirts are the perfect choice for anyone who needs comfort and protection. With a chest pocket for extra storage space and the ESD logo embroidered on the left sleeve, they offer both functionality and style. The 150g/m^2 fabric weight ensures that they are comfortable to wear. In timeless black and with a unisex cut, they offer a wide range of possible uses. The typical surface resistance is between 10^5 Ohm and 10^7 Ohm, which ensures effective dissipation of electrostatic charges. With Oeko Tex certification and a material mix of 96% cotton and 4% carbon fiber, they guarantee not only safety but also environmental compatibility. ESD certification in accordance with IEC 61340-5-1:2016 underlines their high quality and reliability. Get a piece of safety and comfort now with the ESD polo shirts from SafeGuard.
