MicroFine handpiece work stand

The Metcal MFH-WS9 handpiece work stand is a valuable addition for anyone working with the MicroFine MX-H9-MFH or CV-H9-MFH handpieces. It offers a stable and ergonomic solution for hands-free working, resulting in increased precision and safety during soldering work. This work stand is particularly beneficial in professional soldering environments, as it provides a comfortable rest for the handpiece during use.

- Compatible with the MX-H9-MFH and CV-H9-MFH handpieces.
- Enables hands-free working for increased precision and safety.
- Provides a stable support for the handpiece during use.
- Promotes ergonomic working and reduces hand fatigue.
- Ideal for use in professional soldering environments.

Item no.	**WL87166**
Manufacturer	METCAL

Manufacturer article no.	MFH-WS9
GPSR manufacturer data	OK International Ltd Eagle Close, Chandlers Ford GB-SO53 4NF Hampshire www.metcal.com
Sales unit	1 piece
Content unit	1 piece
Colour	black
Matching handpiece	soldering iron
ESD compliant	no
