Filtr z filcu do rury szklanej, pasuje do WXDP-120

The felt filter for the glass tube, compatible with WXDP-120, offers a reliable solution for effective filtration in soldering applications. Developed by Weller, this filter ensures optimum performance and durability. It is precisely matched to the requirements of the models mentioned and ensures a clean working environment by efficiently retaining particles. Easy installation and smooth replacement make this felt filter a practical addition to your soldering station.
