

## Dispensing needle 1.5", straight, gauge 15, amber, straight tip

The amber, 1.5", straight, gauge 15, ID= 1.36 mm dispensing needle from Nordson EFD is ideal for applications that require a higher flow rate. This Optimum® general purpose dispensing needle is made of burr-free, polished and passivated stainless steel for precise material dispensing without leaks or drips. With a length of 1.5" and an inner diameter of 1.36 mm, it is ideal for higher viscosity materials. The amber-colored needle features a polypropylene hub with Luer lock thread that ensures a secure and tight connection to the cartridge.

- ensure precise and consistent material application
- no leaks and drip-free application
- stainless steel
- Dispensing needle for cartridge, straight
- Capillary L = 1 1/2"
- D inside = GA 15 (1.33-1.38 mm), amber
- Polypropylene receptacle with Luer-Lock thread
- inner diameter: 1.36 mm
