Dispensing needle 0.5", straight, gauge 27, transparent, straight

The dispensing needle transparent, 0.5", straight, gauge 27, ID= 0.20 mm from Nordson EFD offers a precise solution for the finest material applications. Made of burr-free, polished and passivated stainless steel, it guarantees drip-free and consistent material application. This Optimum® general purpose dispensing needle is ideal for use with a variety of assembly materials. With an inner diameter of 0.20 mm and a length of 1/2", it is perfect for applications that require maximum precision. The needle is equipped with a polypropylene receptacle with Luer-Lock thread, which ensures a secure connection to the cartridge.
