Mounting frame for PCBs, max. 500 x 220 mm

PCB holder for mounting
• max. PCB size 500 x 220 mm
• designed to facilitate assembly and soldering
• supplied with a center rail and two additional rails as standard
• additional rails can be used to accommodate several small PCBs, for example
• frame and cover can be removed from the base plate
• once the PCBs have been fitted, the cover with the foam insert is closed and the entire holder is turned over for soldering
• frame design allows variable adjustment of the inclination for both sides of the PCB for optimum working position
• Frame is made of painted steel, the foam for pressing the components is made of conductive material

Item no.	**WL11947**
Model	PCSA-2
Manufacturer	SAFEGUARD
GPSR manufacturer data	Weidinger GmbH Hertha-Sponer-Str. 1a DE-82216 Gernlinden
Sales unit	1 piece
Content unit	1 piece
ESD compliant	yes
