

Stand magnifier aspherical, 10x, 38 dpt., D=35 mm

This stand magnifier from Eschenbach convinces with its particularly robust and scratch-resistant lens, which guarantees a high level of visual comfort.

- Aspherical PXM® light lenses, cera-tec® coated for sharp, distortion-free imaging
- High magnification, e.g. for retouching work in the photo area
- Can also be used as a high magnification visual aid
- Open stand for work under the lens (exception Art. No. 1153, closed stand)
- The crystal clear stand allows good lighting from all sides
