

## Stripping tool for wrestling cables, cable diameter 3-5.6 mm, red

Precision stripping for a variety of non-round shielded cables and other outer sheaths, including extruded PTFE insulation.

- The spring-loaded head holds the cable with exactly the same tension, so that no further adjustment is necessary.
- The clamping jaw with V-notch automatically positions and holds the cable, which increases the cutting accuracy.
- The fixed blades are adapted to the insulation in their dimensions and prevent inaccurate cuts. The construction of 17-4 stainless steel ensures a long life.
- Guide rollers ensure correct head alignment and a clean, square cut.
- Not recommended for cables with winding layers
- knifeless
- for cable diameter 3 - 5.6 mm
- red

item number	WL12988
model	45-403
manufacturer	IDEAL

manufacturer item number	45-403
length	114 mm
width	51 mm
height	38 mm
order unit	1 piece
content unit	1 piece
VDE	no
ESD safe	no
tool length	114 mm
type of pliers	hand stripper
