

Vacuum extractor with protective cup, PLCC 124, 45 x 45 mm

Discover the vacuum puller with protective cup, PLCC 124, 45 x 45 mm, ideal for hot air repair stations. This protective device from JBC offers precise heat application, with the protective cup concentrating the heat on the desired area while protecting adjacent components. The integrated vacuum puller enables safe and efficient work by reliably removing parts without damaging surrounding components. Perfect for professional repair work that requires precision and safety. Available at Weidinger.eu.

- Protective device with integrated vacuum puller
- for hot-air repair stations
- Protective cup concentrates heat to the desired area and protects adjacent components

Item no.	WL13129
Model	0932124 / E2124
Manufacturer	JBC

Manufacturer article no.	E2124
GPSR manufacturer data	JBC Soldering SL Ramón y Cajal 3 ES-08750 Molins De Rei www.jbctools.com
Length with packaging	243 mm
Width with packaging	75 mm
Height with packaging	115 mm
Sales unit	1 piece
Content unit	1 piece
Length (protective cup)	45 mm
Width (protective cup)	45 mm
Shape	square
Incl. battery	no
SMT design	PLCC 124
Dimensions	45 x 45 mm
ESD compliant	no
