

Protector, square, 10 x 10 mm

The square protective cup measuring 10 x 10 mm is an indispensable accessory for hot air repair stations. It effectively protects adjacent components by concentrating the heat on the desired area. For optimum results, the protective cup should be the right size for the component to be desoldered. Although it can be used without a tripod, the combination with a tripod enables precise and clean removal of the component. Ideal for professional repair work, this protective cup offers a reliable solution for demanding soldering tasks.

- square - without tripod
- for hot-air repair stations
- protects the adjacent components
- concentrates the heat on the desired area
- The protective cup should have the appropriate size of the component to be desoldered.
- can be used with a tripod to cleanly remove the component

Item no.

WL13132

Products for the electronic industry

Model	0932220 / P2220
Manufacturer	JBC
Manufacturer article no.	P2220
GPSR manufacturer data	JBC Soldering SL Ramón y Cajal 3 ES-08750 Molins De Rei www.jbctools.com
Length with packaging	25 mm
Width with packaging	25 mm
Height with packaging	10 mm
Sales unit	1 piece
Content unit	1 piece
Length (protective cup)	10 mm
Width (protective cup)	10 mm
Shape	square
Incl. battery	no
Dimensions	10 x 10 mm
ESD compliant	no

Other versions

Item no.	Length (protective cup) x Width (protective cup)
