

Protector, square, 15 x 15 mm

Discover the 15 x 15 mm square protective cup for hot air repair stations, available at Weidinger.eu. This protective cup concentrates the heat precisely on the desired area and effectively protects adjacent components from overheating. It is ideal for desoldering components and should be selected in the right size for the component to be processed. The protective cup can also be used with a tripod to ensure clean and safe removal of the component. Perfect your repair work with this indispensable accessory.

- square - without tripod
- for hot-air repair stations
- protects the adjacent components
- concentrates the heat on the desired area
- The protective cup should have the appropriate size of the component to be desoldered.
- can be used with a tripod to cleanly remove the component

Item no.

WL13133

Products for the electronic industry
