

Desoldering tip for 3040000 / 75 W, CLASSIC series, 09HT

The 09HT desoldering tip from JBC is designed for use with the DST desoldering iron from the CLASSIC series with 75 W power. It is suitable for precise desoldering work on electronic assemblies and enables controlled removal of solder.

The straight tip has a pointed shape with an inner diameter of 0.7 mm and an outer diameter of 2.2 mm. This makes it suitable for fine desoldering work where targeted heat transfer is required.

The desoldering tip is supplied as a single piece and is compatible with the JBC DST handpiece.

Item no.	WL13160
Model	09HT
Manufacturer	JBC
Manufacturer article no.	320903
GPSR manufacturer data	JBC Soldering SL Ramón y Cajal 3 ES-08750 Molins De Rei
