

Desoldering tip for MX-DS1, series 600/357 °C, diameter 0.7 mm

The STDC-003 is a desoldering standard Tip Cartridge used with MX-500DS series. This Cartridge is highly durable and designed for high heat transfer, making desoldering on multi-layer boards much easier.

item number	WL13838
model	STDC-003
manufacturer	METCAL
manufacturer item number	STDC-003
order unit	1 piece
content unit	1 piece
inner diameter desoldering tip	0.7 mm
max. soldering tip temperature	357 °C
tip shape	round

tip alignment	straight
suitable handle	MX-DS1
ESD safe	no
