

ESD heel strap with velcro, 1 MOhm, blue/black

The ESD heel strap from Safeguard is an important accessory for correct personal grounding. It has a leakage resistance of 1 MOhm and a Velcro closure. The heel strap is designed to dissipate static electricity from the feet, preventing damage to electronic equipment and components. The 1 MOhm leakage resistance ensures that static electricity is dissipated effectively and safely. The tape is blue/black and suitable for street shoes with flat heels.

- 1 MOhm
- For street shoes with flat heel
- velcro
