

Circlip pliers, adjustable, 160 mm

- Adjustable pliers that complete the range of conventional circlip pliers
- The patented pliers are equipped with interchangeable tips (straight, 15° and 90°), which can be quickly converted for internal or external retaining rings depending on the application
- 5 pairs of tips are supplied with -160 and -200, 6 pairs with -250
- Suitable for internal retaining rings from 8 - 100 mm diameter and external retaining rings between 3-100 mm diameter
- The pliers 2928-160 thus cover the application range of ten conventional pliers, for example
- The pliers are equipped with adjustable stops (automatic for 2928-250), which prevent damage to the retaining rings due to excessive force
