

Electrician's wire stripper, 145 mm

The electrician's wire stripper, 145 mm from BAHCO impresses with its precise workmanship and high functionality. Developed for professional applications, this tool enables effortless and clean stripping of a wide range of conductors and strands. For stripping and cutting wires and cables from 0.1 to 6.0 mm in diameter, such as: - PVC insulation of all single-wire strands, for thin ribbon cables also several wires in one operation. Double-insulated cables in two steps without adjustment Stripping length adjustment from 3-16 mm (0.12 to 0.65 in.) Bright, almost unbreakable housing made of glass fiber reinforced polyamide, resistant to chemicals and corrosion The wire cutter should only be used for copper and aluminum wire Replacement blade: 3419EB The robust design and ergonomic shape ensure comfortable handling and a long service life. An indispensable tool for electricians, technicians and anyone who wants to carry out precise and efficient work in the field of wire processing.

- For stripping and cutting wires and cables from 0.1 to 6.0 mm diameter, such as: - PVC insulation of all solid strands, for thin flat ribbon cables also several wires in one operation Double insulated cables in two steps without adjustment
- Stripping length adjustment from 3-16 mm (0.12 to 0.65 inches)
- Bright, almost unbreakable housing made of glass fibre reinforced polyamide, resistant to chemicals and corrosion
- The wire cutter should only be used for copper and aluminium wire
- Spare blade: 3419EB

item number	WL15702
model	3419B
manufacturer	BAHCO
manufacturer item number	3419 B
GPSR manufacturer information	BAHCO Werkzeuge Maybachstr. 10 DE-71711 Steinheim www.bahco-werkzeuge.de
order unit	1 piece
content unit	1 piece
stripping range length	3 – 16 mm
VDE	no
ESD safe	no
packaging mass	piece
tool length	145 mm
type of pliers	automatic wire stripper
