

Nylon screw M6x10 NOS soldering station

The M6 x 10 nylon screw is a practical fastening solution for soldering station and electronics applications. Thanks to the nylon material, it is electrically insulating and is particularly suitable for use in sensitive environments.

With the metric M6 thread and a length of 10 mm, it enables secure and reliable installation. Supplied in a pack of 10, ideal for maintenance, replacement or new installations.

Item no.	WL16367
Model	T0051163299
Manufacturer	WELLER
Manufacturer article no.	T0051163299
GPSR manufacturer data	WELLER Tools GmbH

Products for the electronic industry
