

## Antibloc paste, 10 g

WEICON Antibloc Paste offers a reliable solution for preventing screw connections from seizing. With its special formula, it effectively protects against corrosion and at the same time serves as a high-quality lubricant. The paste is free from sulphur-containing additives and halogens, which makes it particularly environmentally friendly and safe to use. Available in a practical 10 g cartridge, it is ideal for precise applications. Rely on Weller quality for your technical requirements.
