

FE retrofit kit

Weller's FE retrofit kit offers an efficient solution to optimize your soldering stations. Designed for maximum precision and reliability, this retrofit kit enables improved extraction of soldering fumes and vapors, contributing to a safer working environment. Easy integration into existing systems makes the FE retrofit kit a practical choice for anyone looking to modernize their soldering processes. Benefit from the proven quality and functionality that characterize Weller products.

- for solder fume extraction at the soldering iron
- for LR 21, TCPS, W 61, W 101, WSP 150, WP 200, WXP 200 only with shelf AK 1

Item no.	WL16452
Model	T0052512599
Manufacturer	WELLER
Manufacturer article no.	T0052512599N
GPSR manufacturer data	WELLER Tools GmbH Carl-Benz-Strasse 2 DE-74354 Besigheim www.weller-tools.com
Sales unit	1 set
Content unit	1 set
Incl. battery	no
