Filter insert for desoldering devices

The Weller filter insert for desoldering devices is an essential accessory for efficient and clean soldering work. Developed for use in demanding working environments, this filter insert ensures reliable extraction of soldering fumes and particles. Thanks to its precise fit and high-quality workmanship, it contributes to the longevity and optimum performance of your desoldering device. The filter insert is easy to install and ensures improved air quality in the workplace. Rely on Weller quality to make your soldering processes safe and effective.

Item no.	**WL16572**
Model	T0058711718
Manufacturer	WELLER
Manufacturer article no.	T0058711718N
GPSR manufacturer data	WELLER Tools GmbH

	Carl-Benz-Strasse 2 DE-74354 Besigheim www.weller-tools.com
Sales unit	1 PU
Content unit	4 piece
ESD compliant	no
