

## SPI 27, mains voltage soldering iron, unregulated, 25 W

For professionals and for amateur enthusiasts SPI irons come with plated and oxidation preventing Weller "longlife" tips. Robust heating elements of special steel between natural mica-leaves, embedded in cast ceramics and first-class material make the Weller SPI irons outstanding in technology and life-time.

- 25 W, 230 V
- Heating time approx. 180 sec.
- Peak temperature approx. 410 °C
- For very heavy soldering work
- For SPI soldering tips
