

Glass tube for DR5570 / DR5600 / DR5650

The glass tube for the DR5570, DR5600 and DR5650 models from JBC is an essential spare part for the optimal functioning of your soldering station. It ensures precise and safe guidance of the soldering tip, which contributes to improved soldering quality. The glass tube is made of high-quality material that is both heat-resistant and durable. It is easy to replace and is compatible with the JBC models mentioned. Ideal for professional users who value reliability and efficiency. Available from Weidinger.eu.
