

AEROSTATGuardian overhead model, 3 fans

- Neutralization of electrostatic charges at workplaces through overhead assembly
- Ionization range 60 x 120 cm
- Built-in cleaning brush for emitter electrodes
- Blower consisting of three fans with infinitely variable speed control and switchable heating element (pleasant air temperature)
- External fan with diffuser
- Separately switchable, built-in workplace lighting (2 x 5 Watt LED)
- Self-balancing of the offset voltage to ± 10 V (measured at a distance of 46cm)
- Ionization based on high voltage (AC - alternating voltage technology)
- Ozone generation 0.02 ppm (distance 30 cm)
- Dimensions: 108 cm x 10 cm x 17 cm (W x H x D)

item number	WL20759
model	AEROSTAT GUARDIAN
manufacturer	SIMCO
manufacturer item number	7500.G
width	108 mm
height	100 mm
depth	170 mm
order unit	1 piece
content unit	1 piece
supply voltage	230 V
Air Flow	stufenlos

ionic balance	self-balancing +/- 10 Volt
ionization range	60 x 120 cm
ozone production	0.02 ppm (distance 30 cm)
ESD safe	yes
