

Ionization Unit AEROSTAT PC, desktop model

- Neutralisation of electrostatic charges at workplaces
- Ionisation range 30 x 150 cm
- Built-in cleaning brush for emitter electrodes
- Three-stage blower with switchable heating element (pleasant air temperature)
- Self-balancing of offset voltage ± 5 V
- Ionisation based on high voltage (AC - alternating voltage technology)
- Ozone generation 0,005 ppm (distance 15 cm)
- Dimensions: 14 cm x 21.9 cm x 8.3 cm (W x H x D)

item number	WL20888
model	AEROSTAT PC
manufacturer	SIMCO
manufacturer item number	7500.PC

Products for the electronic industry

width	140 mm
height	219 mm
depth	83 mm
order unit	1 piece
content unit	1 piece
supply voltage	230 V
Air Flow	dreistufig
ionic balance	self-balancing +/- 5 Volt
ionization range	30 x 150 cm
ozone production	0.005 ppm (distance 15 cm)
ESD safe	yes
