

## D 510 Lid for ultrasonic bath

A suitable stainless steel lid for an ultrasonic bath protects the bath liquid from external contamination and prevents odour nuisance caused by the added cleaning or disinfecting preparations. In addition, the noise emission during operation of the ultrasonic cleaner, which may be perceived as disturbing, is reduced. The lids are designed in such a way that any condensation water that arises is fed back into the tank.

□ Stainless steel

□ Suitable for DL 510 H, DL 512 H

item number	WL21938
model	D 510
manufacturer	BANDELIN
manufacturer item number	3008
length	340 mm
width	270 mm
height	50 mm
order unit	1 piece
content unit	1 piece
