

ESD wall bracket with 10 swivel panels, TARIFOLD IDP-STAT

If an EPA uses office supplies such as this practical wall bracket system with 10 Warmbier swivel panels, these should be ESD compliant, as should the other work equipment, to counteract electrostatic charging. The swivel panels are the ideal solution, especially when space is at a premium. The wall bracket system is also used for dirt-free storage of information sheets.

- Stainless steel bracket for wall mounting
- Holder for 10 swivel panels
- Film material, permanently conductive IDP film
- Colour: clear, transparent
- Frame colour: black
- With ESD marking

item number

WL22205

Products for the electronic industry

model	5600.100
manufacturer	WARMBIER
manufacturer item number	5600.100
order unit	1 piece
content unit	1 piece
colour manufacturer	clear, transparent
Colour	transparent
typical bleeder resistance	$10^9 - 10^{10}$ Ohm
property packaging	dissipative
ESD safe	yes
