

Head and pre-set magnifier labo-MED, binocular, 2x, 2.5 dpt.

With the head and attachment magnifier laboMED from Eschenbach, both hands remain free to work. It also guarantees a comfortable working distance even at high magnification.

- Plano-convex PXM® light lens for sharp, distortion-free imaging
- Lens parts are easily exchangeable
- Lens sizes: monocular Ø 40 mm, binocular 74.5 x 28 mm
- Glass fibre reinforced plastic lens clamping element
- Not suitable for spectacle wearers
- Discreet metal frame, matt black lacquering
- Can also be used with monocular lens parts
- Supplied in a storage box
