

Metal braid for Weller soldering tip cleaner

The soldering tip cleaner from Weller is made of high-quality metal mesh and offers efficient cleaning of soldering tips. By using metal mesh, the soldering tip is thoroughly cleaned of residues without damaging the sensitive surface. This ensures a longer service life for the soldering tips and consistently high soldering quality. The cleaner is compact and easy to use, making it a practical tool for everyday use.

- Material: brass
- Weight: 2 x approx. 77 g
- Refill pack for WELLER WDC
- 1 pack contains 2 pieces

item number	WL22582
model	T0051384099
manufacturer	WELLER
