

FE adapter kit F3435, solder fume extraction set for T245, Ø 6 mm

The FE adapter kit F3435 is an efficient solder fume extraction kit, specially developed for use with the T245 soldering iron. It enables effective extraction of soldering fumes directly at the soldering point, making the working environment safer and cleaner. The set includes a robust hose with a diameter of 6 mm and matching clips for easy attachment. Ideal for professional users who value a clean and healthy working environment. Available from Weidinger.eu.

- FE adapter kit
- complete with hose and clips
- for solder fume extraction at the soldering iron
- Suction tube diameter: 6 mm
- Silicone hose = 2.1 m

Item no.	WL22733
Model	0003435 / F3435
Manufacturer	JBC
Manufacturer article no.	F3435
GPSR manufacturer data	JBC Soldering SL
