

Soldering iron arm with extraction device AL-IA for ALE250 auto-feed soldering iron

The AL-IA soldering iron arm with suction device for the ALE250 auto-feed soldering iron from JBC is an efficient solution for precise soldering work. Designed for professional use, this soldering iron arm features an integrated extraction device that removes fumes and particles directly at the source. This ensures a clean working environment and increases safety in the workplace. The AL-IA is compatible with the ALE250 auto-feed soldering iron, which is known for its automatic solder feed, making the soldering process much easier and faster. Ideal for electronics workshops and production lines where precision and efficiency are required. Discover the advantages of this high-quality tool at Weidinger.eu.

Item no.	WL22765
Model	AL-IA
Manufacturer	JBC

Products for the electronic industry

Manufacturer article no.	AL-IA
GPSR manufacturer data	JBC Soldering SL Ramón y Cajal 3 ES-08750 Molins De Rei www.jbctools.com
Sales unit	1 piece
Content unit	1 piece
Incl. battery	no
Type of mounting	support clamp
Compatible soldering stations	AL - Auto-Feed Soldering station (AL-1A, AL-2A, AL-9A)
Matching handpiece	soldering iron
Compatible handpiece	AL
