

Selective soldering system TOP-375CE

Selective soldering system for electronics production

nitrogen option already installed

- incl. laser pointer and foot switch
- temperature range = 200 - 350 °C
- solder reservoir = 15 kg
- 230 V - 970 W

suitable for lead-free solder

Item no.	WL23018
Model	TOP-375CE+Stickstoffoption
Manufacturer	DIVERSE
GPSR manufacturer data	Weidinger GmbH Hertha-Sponer-Str. 1a

Products for the electronic industry
