

Needle nose pliers with very precise, smooth and half-rounded jaws.

Durability - The longest service life on the market. The Weller Erem 2400 MagicSense Series is a range of mid-sized precision cutters that combine robustness, visibility and accessibility. A wide range of head shapes for precision work in hard-to-reach areas. The optimised ergonomic shape of the 2400 MagicSense series prevents hand fatigue. For an extremely long service life, these cutters are manufactured from optimised induction-hardened cutting edges with up to 64-65 HRC. A special tool steel is used for the cutting edges. The precision cutters have a non-reflecting surface, are ESD safe and can be resharpened.

- Pliers for miniature and standard electronics
- Optimized ergonomically shaped handles for increased comfort
- Non-reflecting surface, ESD-safe
- Smooth jaws
