

Semi-rigid light guide GLS2-600-4.5, 2-arm, arm length 600 mm

The semi-rigid light guide ensures high flexibility and light output. Thanks to the very good transmission and low heat development on the object, the light guide is ideally suited for halogen and LED cold light sources. Adaptable to light sources of all manufacturers.

- diameter active light line: 4,5 mm
- Fibre optic cable connection: 15 mm (standard)
- Beam angle: 70°
- Illumination: punctiform
