

## Precision tweezers bent, recessed, fine tips, 120 mm

### Description

- For applications in biology, medicine, laboratory technology and microelectronics
- Curved shape allows optimal access in confined spaces
- Special stainless steel, non-magnetic, stainless, acid-proof, heat-resistant

### Product details

item number	WL24027
manufacturer	EREM
manufacturer item number	7SASL
model	7SASL
order unit	piece
tip shape	fine, bent
ESD safe	no
tool material	sepcial stainless steel
tool length	120 mm
tweezers type	antimagnetic tweezers, precision tweezers
