

FE adapter kit F4468, solder fume extraction set for ALE250, Ø 6 mm

Discover the FE adapter kit F4468, an efficient solder fume extraction set for the ALE250 soldering iron. This set enables effective extraction of soldering fumes directly from the soldering iron, ensuring a clean and safe working environment. The set includes a 2 meter long hose and matching clips for easy attachment. With a diameter of 6 mm, it is perfectly matched to the ALE250 and ensures reliable fume extraction. Ideal for professional soldering work, this set offers a practical solution for improving the air quality in the workplace.

- suitable for AL-2A
- for solder fume extraction at the soldering iron
- complete with hose and clips
- Hose length: 2 m

Item no.	WL24226
Model	0004468 / F4468
Manufacturer	JBC
Manufacturer article no.	F4468
GPSR manufacturer data	JBC Soldering SL Ramón y Cajal 3 ES-08750 Molins De Rei www.jbctools.com
Length	2000 mm
Length with packaging	245 mm
Width with packaging	185 mm
Height with packaging	45 mm
Sales unit	1 set
Content unit	1 set
Diameter	6 mm
Incl. battery	no
