

Dosing needle 0.5", straight, gauge 14, olive, straight

The dispensing needle 1/2", straight, GA 14, olive from Nordson EFD is perfect for precise material applications. These TE series needles consist of a silicone and chloride-free polypropylene body with a double helix thread and a stainless steel cannula. With burr-free, electrolytically polished needles, they provide a constant material flow and are ideal for assembly processes. Available in packs of 50 pieces.

- Silicone and chloride-free polypropylene body
- Double helix thread
- Stainless steel cannula
- Burr-free
- Electrolytically polished cannula for constant material flow

Item no.	WL24564
Model	914050-TE / 891214
Manufacturer	OKI
