Dosing needle, conical, gauge 16, gray, conical tip shape

These dispensing needles are made of polyethylene with UV light-blocking additives and have a double helix Luer lock connection. The conical shape prevents clogging and improves the flow of highly viscous media. Available in packaging units of 50 pieces.

- Polypropylene body
- UV light blocking additives
- Double helix luer lock connector
- Conical

Item no.	**WL24612**
Model	916125-DHUV / 891116
Manufacturer	OKI
