

ESD shielding bubble wrap HIGHSHIELD, 610 mm, 100 m

The double-layered HIGHSHIELD bubble wrap from SafeGuard offers optimum protection for sensitive products. The principle of the Faraday cage reliably prevents tension from reaching the goods. The film measures 100,000 x 610 mm, is packaged in a roll and is recyclable. With its grey color and shielding properties, it meets the requirements of DIN EN 61340-5-1 and is therefore ESD-compliant. Ideal for the safe packaging of electronic components. Protect your products with high-quality bubble wrap from SafeGuard.

- HIGHSHIELD
- double layer, weldable, recyclable

Item no.	WL24843
Model	SG-LPF-GR-ABS-HS
Manufacturer	SAFEGUARD
Manufacturer article no.	SG-LPF-GR-ABS-HS-100000X610
GPSR manufacturer data	Weidinger GmbH Hertha-Sponer-Str. 1a

Products for the electronic industry

	DE-82216 Gernlinden
Length	100000 mm
Width	610 mm
Sales unit	1 rolls
Content unit	1 rolls
Colour	grey
Incl. battery	no
Packaging properties	shielding
ESD certification according to IEC 61340-5-1:2016	yes
ESD compliant	yes
