

ESD tubular foil, pink, permanently dissipative, 9µm, 250 mm, 250 m roll

SafeGuard's pink ESD films are ideal for the professional packaging of products within an ESD protection zone and serve primarily as dust protection. The ESD foil is printed with the ESD and recycle symbol, the lot number and the SafeGuard logo.

- Polyethylene pink with ESD and recycle symbol, LOT-No.
- amine-free, weldable, permanently conductive

item number	WL24863
model	SG-SF-ROSA-ABL-0,09
manufacturer	SAFEGUARD
manufacturer item number	SG-SF-ROSA-ABL-0,09-250X250
GPSR manufacturer information	Weidinger GmbH Hertha-Sponer-Str. 1a DE-82216 Gernlinden

length	250000 mm
width	250 mm
order unit	1 rolls
content unit	1 rolls
colour manufacturer	pink
Colour	rose
material	polyethylene
film thickness	0,09 mm
Zip	no
property packaging	permanent dissipative
ESD safe	yes
