

ESD heel strap with clip closure, 1,5 MOhm, yellow/blue

The ESD heel strap from Safeguard is an important accessory for correct personal grounding. It has a leakage resistance of 1.5 MOhm, is 57 cm long and has a clip closure. The strap is designed in yellow and blue colors. The heel strap is designed to dissipate static electricity from the feet, preventing damage to electronic equipment and components. The 1.5 MOhm leakage resistance ensures that static electricity is dissipated effectively and safely. The strap is 57cm long and adjusts to the size of the feet. The yellow-blue design helps to recognize it quickly.

- 1 MOhm
- For street shoes with flat heel
- clip closure
