

ESD heel strap with clip closure, 1,5 MOhm, adjustable, yellow

The ESD toe strap from Safeguard is an important part of correct ESD personal grounding. It has a leakage resistance of 1.5 MOhm and a clip closure. The band is designed in the color yellow. The toe strap is used to dissipate static electricity from the feet, preventing damage to electronic equipment and components. The 1.5 MOhm leakage resistance ensures that static electricity is dissipated effectively and safely. It is specially designed for high heels so that it is possible to wear them and still move safely in the EPA zone.

- 1.5 MOhm
- For shoes with heel
- Clip closure, adjustable

item number	WL24933
model	SG-FB-GE-Clip
manufacturer	SAFEGUARD

manufacturer item number	SG-FB-GE-CLIP
order unit	1 piece
content unit	1 piece
colour manufacturer	yellow
Colour	yellow
typical bleeder resistance	1,5 Mohm
ESD safe	yes
