ESD stretch film, 1000 m x 500 mm

ESD stretch film from Safeguard is a high quality packaging film, which is available in the color pink / transparent. It has a width of 500 mm and a material thickness of 0.023 mm. One roll contains 1000 meters. This type of film is often used to protect electronic components from damage caused by electrostatic discharge, among other things, due to its good mechanical properties. This enables safe transport as well as ESD-compatible storage.

• Thickness 23µm, pink,
• 500 mm wide, roll length 1000 m
• good mechanical properties
• Core diameter 75mm
