

Cartridge set, transparent, 5 cc

Plugs for compressed air operation and dispensing guns: The blue Easy-Flow plugs prevent air pockets and avoid material waste by preventing deposits on the cartridge wall. They are used for low to medium viscosity media. The precisely fitting white plugs are recommended for use with manual dispensing guns. The red plugs have a straight design and are suitable for medium to high viscosity media. All stoppers are made of polyethylene. Available in packaging units of 50 pieces.
