

Hot air piston for TE-2A, 0005897 / TE-TB

With the hot air gun for TE-2A you can repair all small and medium-sized SMDs quickly and safely.

It works exclusively with the JTSE hot air control unit.

To direct the heat to a specific area and protect adjacent components, you can use TN nozzles.

compatible with TESE / TESE-Q Precision Hot Air station

item number	WL25543
model	0005897 / TE-TB
manufacturer	JBC
manufacturer item number	TE-TB
length with packaging	300 mm
width with packaging	125 mm
height with packaging	65 mm
scope of supply	hot-air pistons Heating element 0012374

Products for the electronic industry
