

WXP 200 Set, soldering iron with safety rest, 200 W, Power-Response technology

- The most powerful soldering iron among the WX tools. Ideal for soldering work with increased heat requirements, e.g. for LED backplanes or HF screens
- Heating time (approx) in seconds (50-350°C / 120-660°F): 19
- WX compatible
- Parameter memory such as standby temperatures, automatic switch-off time
- Most efficient soldering iron for WX stations
- For very large components (Shielding) with high/ medium energy demand
- Interchangeable XHT soldering tips at low cost prices
- Fast reaction time
- Visual process control through LED signal function
- Power Response heating technology with improved sensor position
- Intelligent soldering iron 200 W, 24 V
- Reduces total costs of ownership due to motion sensor

Technology	Power-Response
item number	WL26428
model	WXP 200 Set
manufacturer	WELLER
manufacturer item number	T0052920699N
order unit	1 set
content unit	1 set
product series	power response
power	200 W
voltage	24 V
warm-up period	19 s
handle type	soldering iron
temperature range °C	100 – 450 °C
temperature range °F	200 – 850 °F
suitable tips	XHT
Tip series	XHT
included stand	WDH 31
included soldering tip	XHT D
included soldering iron	WXP 200
suitable control unit	WX 1, WX 2, WXA 2, WXD 2, WXR 3
