

ESD workstation set, table mat, grey, 610 x 1220 x 2 mm incl. accessories

For successful compliance with an effective ESD protection concept, it is essential to ensure that persons and workplaces are always earthed and components are protected. The ESD workplace set from Warmbier, which consists of a table and floor mat, a wrist strap, a spiral cable, earthing cables and boxes with push buttons as well as an earthing module for Schuko sockets, is particularly suitable for this purpose.

- Table mat, grey, 610 x 1220 mm
- Central grounding terminal strip with 7 screw terminals
- grounding module for Schuko socket outlet
- grounding box 2 x 10 mm push-button connection, 1 x 4 mm safety socket
- grounding cable with 10 mm push button
- adjustable wrist strap, light blue
- spiral cable 2.4 m, 3 mm DK
